PROFESSIONAL SUMMARY

Computer Science graduate with practical experience in web development, SQL, GitHub, and AI-assisted prompt engineering. Proven ability to build responsive websites and functional applications using modern tools and clean code practices. Seeking an entry-level IT role to apply technical skills, problem-solving, and continuous learning.

TECHNICAL SKILLS

- JAVA & HTML, CSS, JavaScript for responsive web development
- SQL queries for data retrieval and analysis
- Website creation and UI implementation
- Git & GitHub for version control
- Prompt engineering and AI-assisted coding

PROJECT EXPERIENCE

Web Developer – Project Experience

- Image Editor Web Application [Project Link](#)

Tech Stack: HTML, CSS, JavaScript, GitHub, Prompt Engineering

- Developed a browser-based image editor web application with crop, zoom, blur, sepia filters, and dark mode using HTML, CSS, and JavaScript
- Applied prompt engineering and AI-assisted (vibe) coding to design UI structure and implement core features efficiently
- Maintained a clean folder structure separating UI and logic for better readability and maintenance
- Used GitHub for version control, managing commits and project updates

-Strong Password Generator Application [Project Link](#)

Tech Stack: HTML, CSS, JavaScript, GitHub, Prompt Engineering

- Built a secure password generator with customizable length, symbols, numbers, and letters using JavaScript logic
- Implemented copy-to-clipboard functionality to improve usability
- Leveraged prompt engineering and AI-assisted coding to optimize logic and UI behavior
- Managed source code using GitHub with structured project organization

Education

Bachelor of Technology (B.Tech) in Computer Science and Engineering

Mohan Babu University, Tirupati

Expected Graduation: 2026
